

AKRON FIREFIGHTERS CREDIT UNION

SAVE THE CHANGE PROGRAM

Use your debit card to build your savings.

Each time you make a purchase with your debit card, we will round up the purchase total to the nearest dollar amount and transfer the difference from your checking account into your savings account. Your savings will grow every time you use your debit card! Every cup of coffee, every bag of groceries or tank of gas leads to more savings for you! What an easy way to save!

Designate your Save the Change saving account and watch it grow!

Deposit the change into an existing savings account or Christmas club, or have us set up a separate savings so you can save for something special, like a vacation.

How it works:

When you use your debit card, you will see the transaction amount post to your share draft account for the purchase amount. Then you will see the "change" amount post to your checking account separately for the amount that will be transferred into your savings account.

Example:

Total purchase amount: \$ 29.33

Amount posted to checking:

29.33

Save the change:

.67

Total posted to checking:

30.00

Amount posted to savings:

.67

We will match the "Change" for your first 10 transactions:

That means that Akron Firefighters Credit Union will contribute the same amount as the change that you save for the first 10 transactions after you sign up. The matched amount will be credited to your savings account by the end of the following month.

Authorization for "Save the Change" Program

Please complete the bottom part of this form and turn it in at the Credit Union

Name _____

Share draft account number _____

Savings account (for the change): _____

Debit card number _____

Date _____

Signature _____

*By signing this form, you are authorizing the Credit Union to debit your checking account for the difference between the purchase amount and the next higher dollar amount. This amount will then be credited to the designated savings account.
